

Here and Now

Follow your heart, follow your head.
It doesn't matter where you start.
It doesn't matter where you end.

And I don't care what you did.
And I don't care what you said.
And it doesn't matter how.
All that matters is here and now,
Here and now.

Outer space, outer time.
I can see your face.
I bury it deep, deep in my mind.

And I don't care what you did.
And I don't care what you said.
And it doesn't matter how.
All that matters is here and now,
Here and now.

Life doesn't have to be so complicated.
Won't you just let it be?
Won't you just let it be?
Here and now, here and now, here and now.
Here and now, here and now, here and now.
